## Dr. Christina Glick's Mississippi Lactation Services

Christina Glick, M.D., of Mississippi Lactation Services, is the only breastfeeding physician in Mississippi and this area of the country. When she saw her first patient May 1, 2015, she opened the clinic stating it was her **"mission and service to never turn anyone away!"** After retiring from an almost 30 year career as a neonatologist, Dr. Glick understood the importance of breastmilk to babies and wanted to provide support to breastfeeding moms, whether nursing or pumping, for their babies. In addition to seeing patients at her clinic, Dr. Glick has been very eager and willing to speak and spread the word about breastfeeding to other healthcare professionals in the area hoping to change their perspectives on breastfeeding in the community. Mississippi Lactation Services is located at 1851 Crane Ridge Drive, Jackson, MS 39216.
